

Food

when my mom was younger she would have to make her own lunch.

She would have a sandwich and water.

Nowadays, we have sandwiches, fruit and lots more. When mom had her lunch her lunch made, she would get ready for the double decker bus to pick her up.

After school, my granny would make dinner. This was often a stew.

Now my mom makes the same stew for my siblings and I.

when Dave was younger he had sandwiches and milk for his lunch at school.

It was flavoured milk. He really liked the milk.
