... I understand Honnie is left to be a nurse. I hope she will be successful. How is Mary? I understand she cannot make any money over there. A dressmaker here can make big money so I wish she was here but at present it is hard to get here and if there is any time she wishes to come I will pay her way that is if she can get away.

I am sending you the sum of 10 pounds. Hope it will help you out a little for Xmas.
