

TRUE TO IRELAND

Not all of Ireland's patriots lived in Ireland or fought for their native land on Irish soil

Matthias Burke, *Ballydotia* - Paddy Sullivan *Poulnaclogh* - John Clancy *Knockaunranny* three conscientious objectors, who with many other Galwegians and Irish nationals, living in New Zealand, refused to serve in the Crown forces there during WWII. Matthias' son, New Zealand journalist **Peter Burke**, has just written a book called *'True to Ireland'* which tells the story of how 155 'Sons of Eire' fought the system to avoid deportation and set a legal precedent.
